

WHO:

8-12th grade students excited about space exploration and research.

WHAT:

A competition where you can share your vision of the future, and the risks and opportunities that accompany it.

WHERE:

Submit entries to FBA's website:
futurebeyondatmosphere.github.io
Finals will be held at Newport High School in Bellevue, WA.

WHEN:

First round submissions are open from September 21st, 2017 to January 29th, 2018. Finalists will be announced on February 12th, with the final round on Saturday, March 3rd.

WHY:

Today's high school students are the future's **astronauts**, **engineers**, and **researchers**. This is YOUR chance to take the next step, into a future in space exploration!

Winners will be awarded **PRIZES** as follows:

- 1st place— \$200 value prize
- 2nd place— \$150 value prize
- 3rd place— \$100 value prize
- Honorable Mention— \$50 value prize

HOW TO ENTER

First, come up with an idea. You can brainstorm any topic under the theme of space exploration and research. Such as:

- ASTRONOMY
- AERONAUTICS
- ASTROCHEMISTRY
- SPACE MEDICINE
- ASTRONAUTICS
- PLANETARY SCIENCE
- COSMOLOGY
- SPACE ARCHITECTURE
- ASTROBIOLOGY
- AND MORE!

Next, write a single page research briefing on your chosen topic and its risks (what downsides are there to exploring your topic) and opportunities (what benefits are there to exploring your topic) along with a 1-2 minute video of you explaining the importance of your topic. Entries should be submitted to the FBA website, futurebeyondatmosphere.github.io
